

Learning & Development Policy

Document Code: HR-POL-04 | Effective Date: 1 January 2026 | Applies to: All full-time employees, NovaWorks Technologies Pvt. Ltd.

SAMPLE / PLACEHOLDER DOCUMENT — generated for building and testing the RAG (policy Q&A) module of the Agentic HRMS project. Replace with your organization's real policy documents before using this for anything beyond development.

1. Purpose

This policy describes how employees can access training, certifications, and internal learning resources to close skill gaps identified through performance reviews or the workforce intelligence platform's skill-gap analysis.

2. Learning Budget

Each employee has an annual learning budget of INR 25,000 for external courses, certifications, or conference attendance directly relevant to their role or an approved growth/upskilling plan.

3. Approval Process

Courses under INR 5,000 can be self-approved via the HRMS Learning tab. Courses above that amount require manager approval, referencing how the course maps to a skill gap or career goal.

4. Mandatory Training

- Information Security Awareness — annually, all employees.
- Code of Conduct & POSH (Prevention of Sexual Harassment) — annually, all employees.
- Role-specific compliance training — as assigned by the department.

5. Internal Learning Paths

Employees flagged with a skill gap by the Workforce Intelligence Platform receive a personalized learning plan combining recommended courses, an internal project assignment, and a mentor match where available. Progress is tracked and readiness is recalculated as new learning activity is logged.

6. Certification Reimbursement

Passed certifications relevant to the employee's role are reimbursed in full, in addition to the standard learning budget, on submission of the certificate.
